SUBJECT: U.S. Embassy Ashgabat Electronic Key Management Systems (Key Watcher) Solicitation Vendor Questions (PR11595648)

The following are questions that have been posed by vendors regarding the Electronic Key Management Systems (Key Watcher) Solicitation (PR11595648) for U.S. Embassy Ashgabat, Turkmenistan. To maintain transparency among all interested vendors, I will post any questions specific to the solicitation requirements along with the responses (**BOLD**) here on sam.gov.

1. Can you clarify how many cabinets are required with a key capacity of 140 keys? **This I am unable to specify because each manufacture provides cabinets with different capacities. So, this would be based upon the manufacturer cabinet specifications. The Embassy RFQ is that the two cabinets provide a total key space of a minimum of 140 keys each with the ability to expand in the future if needed.**
2. Does OR SIMILAR indicate you will accept alternative manufacturer products. **Yes, so long as it meets the RFQ specifications.**

Kind Regards,
